Overview: Charlotte County Habitat for Humanity is part of a global, nonprofit housing organization operated on Christian principles that seeks to put God’s love into action by building homes, communities and hope. Charlotte County Habitat for Humanity is dedicated to eliminating substandard housing locally and worldwide through constructing, rehabilitating and preserving homes; by advocating for fair and just housing policies; and by providing training and access to resources to help families improve their shelter conditions. Habitat for Humanity was founded on the conviction that every man, woman and child should have a simple, durable place to live in dignity and safety, and that decent shelter in decent communities should be a matter of conscience and action for all.

Day-to-day: Construction days are Tuesday through Saturday from 8:50am-3:00pm, weather permitting. Volunteering in the construction program requires no prior construction experience. The group will learn everything they need to know on-site. Working side-by-side with the construction team makes a great impact in the lives of our current and future homeowners.

The Nitty-Gritty Details: Food is not included in the trip price. However there is a kitchen at the housing site and the group will have a small budget for groceries to cook their own breakfast, dinners and pack sack lunches each day. Housing is in a private 4 bedroom, 4 bath house.
