Supporting wetland restoration of “North America’s Amazon”

Overview: Find your marvel aboard the Merry Green Marvel Bus! Answer the call of adventure, personal growth and team merriment dedicated to the hard core work of wetland restoration around New Orleans! We’ll build a community spirit of service by camping on the Merry Green Marvel, a sleeper coach bus, and preparing fresh, wholesome food together in our camp kitchen as well as engaging in the important work of addressing climate change and land loss in “North America’s Amazon.”

Day-to-day: You’ll be picked up in New Orleans by the Merry Green Marvel and it will be your home through the week. We’ll park the bus on a campground about an hour away from New Orleans with most of our daily work in the nearby wetlands planting cypress trees. We’ll take one day at the end of the week to celebrate and explore the culturally rich city of New Orleans with a cooking class and kayak swamp tour on the agenda as well as a chance to learn more about sustainability movement in the city. We’ll also reserve time to stroll the French Quarter and get caught up dancing to that funky brass music in the streets!

The Nitty-Gritty Details: Housing: There is room for everyone to lay down and sleep on the bus. We also have a tent option for those that may wish to camp outside. Expect wholesome, mostly vegetarian meals prepared from scratch to fortify you for the hard work of tree planting in a swamp! We gladly try to support special dietary needs. Everyone participates in the preparation and clean-up of our meals. Learn more about the Merry Green Marvel by checking out our website: https://www.merrygreenmarvel.org/ Make friends. Make memories. Make a difference! Get on the Bus!
